---

Cities Go Climate Neutral is a project aimed to enhance and upskill the competences of municipal employees in order to enable them to design climate neutral cities strategies, such as Climate City Contracts.

Furthermore, it will strengthen the innovation and design capacity of Municipality employees regarding urban sustainable development by training them specifically in strategy design and entrepreneurship.

# Let's get started

## *What do we want to achieve by implementing the project?*

1. Enhance and upskill the competences of municipal employees in order to enable them to design climate neutral cities strategies, such as Climate City Contracts;
2. Raise awareness of municipal employees regarding EU policies focusing on tackling climate change in cities;
3. Equip the target groups with innovative digital learning tools that enable distance learning:
4. Raise awareness about issues related to urban sustainability.

### **What activities are we going to implement?**

1. Development of a Roadmap for Designing Local Strategies for Climate Neutral Cities to upskill municipal employees;
2. Development of a «Transition to Climate Neutral Cities» training course;
3. Development of «Success Stories of initiatives for the Transition to climate neutrality in cities» videos;
4. Development of a «Transition to Climate Neutral Cities» Online Hub.

### ***What project results do we expect?***

1. Foster motivation, skills, and mindset of municipal employees and elected officers regarding the benefits of sustainable urban development and the transition to climate neutrality;
2. To raise municipal employees and elected officers' awareness about the importance of EU policies supporting climate neutral cities and specifically the role of Climate City contracts.
3. Create an innovative digital learning system on urban climate neutrality in order to improve the quality of training and education;
